

Open-Xchange Express Edition

IT staff and system administrators will appreciate that Open-Xchange Express Edition comes as a fully self-contained installation package that includes everything required to transform a bare metal machine into a full functioning collaboration server.

It comes complete with a Server Operating System, E-Mail Server, Collaboration Server, Web Server, Database Server, Antivirus, Anti-Spam, Document Storage etc. This means that there is no hidden software costs associated with this solution, not even an operating system. The installation package will transform any machine, which meets requirements, into a collaboration server.
