USING ANY PART OF THE SOFTWARE INDICATES THAT YOU ACCEPT THESE TERMS.

LICENSE: PalmSource grants you a nonexclusive, royalty-free license to use the accompanying software program(s) (the "Software") subject to the terms and restrictions set forth in this License Agreement. Except as explicitly set forth below, (i) you are not permitted to lease or rent (except under separate mutually agreeable terms set forth in writing and signed by both parties), distribute or sublicense the Software or to use the Software in a time-sharing arrangement or in any other unauthorized manner; (ii) no license is granted to you in the human readable code of the Software (source code); and (iii) this License Agreement does not grant you any rights to patents, copyrights, trade secrets, trademarks, or any other rights in respect to the Software.

The Software is licensed to be used on any personal computer and/or any Palm OS(r) platform product, provided that the Software is used only in connection with your development of products for use with Palm OS platform products. The Software contains certain sample source code in the form of example applications (including several conduits) and code fragments (both in the source code files and documentation provided hereunder), and may include a tutorial application (collectively, "Sample Source Code"). You may use the Sample Source Code internally to develop products for Palm OS platform products. You may distribute any such products built with the Sample Source Code, provided that you include the following copyright notice within your source code and in the location of your own copyright notice: "Portions copyright (c) 1996- 2002 PalmSource, Inc. or its affiliates. **NO ASSIGNMENT; NO REVERSEENGINEERING:** You may transfer the Software and this License Agreement to another party if the other party agrees in writing to accept the terms and conditions of this License Agreement. If you transfer the Software, you must at the same time either transfer all

copies of the Software as well as the supporting documentation to the same party or destroy any such materials not transferred. Except as set forth above, you may not transfer or assign the Software or your rights under this License Agreement.

Modification, reverse engineering, reverse compiling, or disassembly of the Software is expressly prohibited. However, if you are a European Community ("EC") resident, information necessary to achieve interoperability of the Software with other programs within the meaning of the EC Directive on the Legal Protection of Computer Programs may be provided to you from PalmSource upon written request.

**EXPORT RESTRICTIONS:** The Software supplied hereunder is subject to all pertinent import and export laws of the United States, including specifically the U.S. Export Administration Regulations ("EAR") and the laws of the country in which you obtained them. You agree that you will not transfer, export or re-export, directly or indirectly, the Software for use or to users in military or proliferation activities (Nuclear, Missile, Chemical or Biological Weapons) without U.S. Government authorization (by export license or regulation). You agree that, upon request, you will provide additional end use/end user information or written acceptance of requirements and responsibilities to comply with U.S. export license requirements. You agree to be bound by any future modifications of the foregoing list of restricted destinations by amendments to the EAR or other U.S. government regulations. 5. Limitation of Liability. SUN AND ITS LICENSORS SHALL NOT BE LIABLE FOR ANY DAMAGES SUFFERED BY LICENSEE OR ANY THIRD PARTY AS A RESULT OF USING OR DISTRIBUTING JRE SOFTWARE. 6. Export Regulations. JRE Software, including technical data, is subject to U.S. export control laws, including the U.S. Export Administration Act and its associated regulations, and may be subject to export or import regulations in other countries. You agree to comply strictly with all such regulations and acknowledges that you have the responsibility to obtain licenses to export, re-export, or import JRE Software.
